Course pricing

Each participant requires an individual Veriport Learning Licence. Prices are quoted per learner and reduce as learner numbers increase.

Number of learners	Introduction series Single course ¹	Introduction series All 3 courses ¹	Financed emissions series Complete series ²
1 - 10	\$95	\$210	\$395
11 - 25	\$75	\$165	\$350
26 - 50	\$65	\$145	\$325
51 - 100	\$55	\$120	\$295
100+	By quotation	By quotation	By quotation

¹ Introduction to ESG and sustainability, Introduction to Materiality and Introduction to Carbon & Climate. The package price applies when all three courses are licensed together for the same learner group.

² One licence covers the complete Financed Emissions Learning Series, including the sector pathway modules.

All prices are in US dollars, per learner, and exclude VAT where applicable.

Existing Veriport customers

Introduction series
15% off the per-learner licence fee

Financed emissions series
\$100 off the per-learner licence fee

Facilitation

Facilitated learning is available for all courses. Facilitator fees are quoted separately. See the next page.

How licensing and delivery work

1 One licence per learner

Every participant requires an individual Veriport Learning Licence, whether learning self-paced or in a facilitated session.

2 What's included

Full course access, course notes and supporting material, knowledge checks, a certificate of completion and course updates.

3 Volume pricing

The per-learner price reduces as learner numbers increase. Groups of more than 100 learners are priced by quotation.

4 Self-paced or facilitated

All courses can be taken self-paced or with a facilitator.

In facilitated learning, a facilitator runs through the courses on screen with the attending learners, in person or online.

Every attendee still requires an individual learning licence. The facilitator charges a fee for time spent, quoted separately.

5 Facilitation time guide

Course or series	Guide time
Introduction series, single course	3 hours
Introduction series, all 3 courses	1 full day
Financed emissions series	1 to 1.5 days ¹

¹ The additional half day is recommended for Course 4: Putting it into practice.
